CONTINENTAL DIVIDE
AN ENERGY & TELECOMMUNICATIONS COOPERATIVE

Continental Divide Electric Cooperative seeks a detail-oriented and motivated **GIS Technician** to support the development, maintenance, and analysis of geographic information systems (GIS) data and mapping applications. This position plays a key role in collecting, managing, and presenting spatial data that supports organizational planning, operations, and decision-making.

Position Summary- The **GIS Technician** supports the Engineering Department by maintaining and updating GIS data, assisting with mapping projects, and supporting electric and fiber system records.

Key Responsibilities

- Maintain and update GIS mapping data for electric and fiber systems.
- Enter construction and as-built records into GIS databases.
- Assist with field data collection and verification.
- Create and update maps for engineering and operations.
- Maintain digital records and engineering documentation.
- Assist with special mapping and infrastructure projects.
- Perform other duties as assigned.

Qualifications Preferred

- Associate degree in Geographic Information Systems, Geography, Computer Science, Environmental Science, or a related field; equivalent experience may be considered.
- High School Diploma or equivalent.
- Experience using GIS software, preferably ESRI ArcGIS products.
- Knowledge of mapping principles, spatial databases, and GPS technology.
- Strong analytical, organizational, and problem-solving skills.
- Proficiency with Microsoft Office applications.
- Ability to communicate effectively and work independently or as part of a team.
- Valid driver's license preferred.

How to Apply

Submit your resume and completed employment application to **rgalindo@cdec.coop**. Employment applications are available on the CDEC website at **cdec.coop**. Applications will be accepted until **5:00 pm, on November 12, 2026**.
